sock öns®

Clever little things that keep baby socks on!

Keeping socks on babies feet is no simple task.
Little kick, tug at the toes and they're off!

Sock Ons® are clever little things that keep baby socks on!
The garment is worn over the sock and locks it into place
with a patent pending design.

Sock Ons® have gained international acclaim and are considered an essential item that no baby (or sane parent) can do without! It is not often that you see a brand that is funky, looks great and actually works!

twiddle öns®

Foot finder rattle toys that also keep baby socks on!

Babies are fascinated with their feet. They lie on their backs, put their feet in their mouth and play with their toes. Foot finder toys have been in the market for some years but the design is inherently flawed as babies tug at the sock and pull off the toy. But not any more...

Twiddle Ons have been designed to engage and allow babies to play with toys on their toes. The sock is designed to stay on the babies foot - when the sock is pulled it gets locked around the babies heel, keeping the toys firmly yet gently in place and allows the baby to explore the sounds, colours and textures of the toys without losing them!

dribble öns®

Bandana bibs keeping babies dry and dribble free!

Dribble Ons® (our mouth watering addition to the Sock Ons® family) are bandanna style bibs keeping babies dry and dribble free!

Made from a soft combination of stretch cotton and terry toweling, they absorb moisture, whilst at the same time being cute and comfortable to wear.

As well as being very stylish, they have a great retail price point and have made a splash in the baby fashion world!

The Dribble Ons® Bright Range will ensure that there is a bib in every colour of the rainbow to suit every outfit in the colour spectrum!
